Stock of the Arizona Gold and copper Co. is \$2 per share. Six thousand, one hundred and fifty shares sold last week. This company has everything required to make this a tremendous and successful enterprise. It owns its entire smelter plant; has no debts; owns seven rich developed mines; has the money to carry on its work; a president and board of directors unusurally stro-ig—men who have been a success in their own private Lusinesses. The mines and smelter plants are situated in one of the richest mining districts in the world. This stock is sold to further enlarge the plant and extend the scope of the enterprise. The contract closed about two weeks ago is of immense value to this company, in compliance with which the company from November 1 will pay cash for every class of ore delivered at their smelter from Arizona or Mexico. A negotiation is now in progress, which, when concluded, will cause this company to withdraw its stock entirely from the market. Those who have secured this stock are certainly fortunate. I will cheerfully give any information desired. Stock can be bought at this office only.
